

IPAF PAV

Course overview

To instruct an operator to prepare and safely operate a Push Around Vertical (PAV) access platform, and to obtain an IPAF operator license

Who should attend

The IPAF PAV course is for anyone who needs to use PAVs safely in the workplace

How many per course

Maximum 8 Candidates

Course agenda

- Introductions
- Pre-theory test
- Legislation & guidance
- Pre-use inspection & familiarisation
- Safe operating methods and hazards
- Theory test
- Practical training
- Practical assessment
- Course review & log books

Hours

½ day course, typically 8.30 – 12.30

What's included

Courses held at our training centres include free hot and cold drinks, and free parking

Certification

Successful candidates will receive a certificate of training, a 'smart' photo-ID card (both valid for 5 years), and a log book to keep a record of operating experience

What you need to bring

You will need to bring suitable PPE including safety footwear, a hard hat and a hi-visibility vest or coat. Warm clothing should also be brought in cold weather.

PLEASE NOTE: You may be refused entry onto the course practical if you do not have the appropriate PPE

Prior Knowledge/Experience/Qualifications

None required

Literacy, fitness and health

This course is run in English. Anyone attending this course must be able to read and understand safety notices, course literature, test questions and answers, verbal instructions and manufacturer's instruction manuals.

They should also be reasonably fit and in good health, with no uncorrected issues likely to endanger or hinder themselves, or anyone else at the training venue.
